

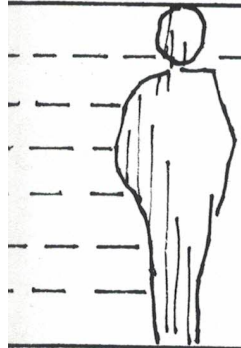

# FIGURES IN THE LANDSCAPE

The addition of figures can boost the impact of your paintings... and in a street scene, they may be vital!

With watercolor, if you are not painting a portrait, DETAILS are less important than...

## PROPORTIONS

|                         |
|-------------------------|
| Adults = 7 heads high   |
| Children = 5 heads high |

HINTS: Establish basic shape with lighter color. Let it dry, then touch in darker shading.

Painting feet can make figures look clunky — just taper the legs. One leg longer can give the illusion of walking.
